## OKLAUNION AUTO ACCIDENT FATAL

### Heavy General Rain Covers Wilbarger and Nearby Counties

#### HOME TOWN STUFF

Some two years ago the Methodist Church closed Clarendon College as a church school and in the transaction the buildings and equipment were transferred to Clarendon. The plant was used for the operation of a junior college as a part of the public school system. Now it is being proposed to have the junior college as a part of the county school system, instead of merely as a part of the city schools. This sounds like a good arrangement and presumably junior college facilities would thus be made available to all students in Donley County.

The task of maintaining junior colleges for small cities would doubtless prove quite burdensome, and yet the advantages of having two years of college work available to students near their home cannot be denied. It has the effect of placing college education within reach of thousands of boys and girls who would otherwise never be able to attend college, because of the expense of going away from home for four years. But for a small city to attempt to maintain a junior college in addition to the regular school work up through high school calls for a very considerable addition to the school budget. To distribute the burden of supporting the junior college over an entire county seems to offer a very good solution of this problem. Clarendon is fortunate in having secured a splendid group of buildings for making the experiment. Thus Clarendon's investments in the church school over a long period of years will not be a loss, as it has been in many cases of small church schools.

Here we have arrived at the month of July and almost before we realize it the summer will be gone and winter will be with us again. It has been suggested that if you are bothered with hot weather, go to the bank, borrow some money and make the note due in ninety days. This would make it fall due in October, but if you do this it will seem like a terribly short space of time between July and October.

On Tuesday, July 16th, two constitutional amendments will be acted upon by the voters of Texas. Both should be adopted. One proposes an increase in the number of judges on the Supreme Court from three to nine. Adoption of this amendment will incur no additional expense to the State and will not create any additional offices. It has been impossible for many years for a Supreme Court of only three members to handle the vast amount of business before the court and relief has been provided by the Legislature through the creation of a commission of six members to assist the court. Decisions of the commissioners must be reviewed and adopted by the Supreme Court before they are binding, however. So this amendment really does nothing more than adopt as a permanent policy what has already been found necessary and is done by indirect action. There is this difference, however, in favor of the amendment, a great deal of time will be saved through obviating the necessity of having decisions all pass through three men. Much delay will be eliminated.

The other amendment proposes an increase in the Governor's salary from \$4,000 to \$10,000 a year. This is obviously to be approved. It is absurd to pay the Governor a smaller salary than many of his subordinates. These two amendments merely correct provisions on the constitution which were all right in 1876 when the present instrument was adopted but which are now as badly out-of-date and inadequate as an ox wagon. It is unfair to ask a man to serve as Governor of Texas at a sacrifice, which he must do if he is honest. No man can make a campaign

#### CROPS GREATLY BENEFITED, NO LOSS REPORTED

Precipitation Totals 2.05 inches in Vernon and 2.3 in Chillicothe, With Liberal Shares Extending Over Every Part of This Section.

A general rain covering all of Wilbarger, Foard and Hardeman counties, ranging from an estimated inch in some sections to the total of 2.3 inches reported in Chillicothe, fell late Monday afternoon, starting about 6:30 o'clock. The precipitation continued most of the night and was of inestimable benefit to crops throughout this section. Although a gale of considerable force accompanied the early portion of the downpour, no crop damage was reported.

The first rain fell shortly after 6 o'clock but lasted only a few minutes with the hardest precipitation north of Pease River.

A heavy thunder shower accompanied by high winds began about 7 o'clock but soon settled down to a steady rain which lasted most of the night. Precipitation in Vernon was registered at 2.05 inches with .71 inches falling during the first thunder shower shortly after 6 o'clock.

High winds accompanied the rain in all communities heard from this morning. The only damage in this section was 10 miles south of Chillicothe where lightning struck a barn on D. P. Adran's place, destroying it. Precipitation in Chillicothe was reported to be 2.3 inches which extended northeast of Chillicothe. The government experiment station five miles south of Chillicothe reported 1.58 inches.

A two-inch rain was reported at Tolbert making the crop prospects much brighter. No damage was reported there although the wind was high as the rain began.

Two inches of rain was reported at Lockett with the precipitation general over the community.

A one-inch rain fell at Crowell and .08 inches at Quanah, which was reported to be general in both districts. No damage was reported.

A slow, steady rain of from one inch to 1.5 inches was reported at Harold and at Oklaunion, with the precipitation general.

Heavy rains of about one inch were reported south of Vernon through the oil fields to Lake Kemp, with all creeks expected to rise to day.

A one-inch rain was reported at Odell with some wind although no damage was reported.

#### CORSICANA FIRE LOSS \$50,000

WOMAN INJURED PERHAPS  
FATALLY IN BUSINESS  
DISTRICT BLAZE

Corsicana, Texas, July 2.—(A-P)—A woman was injured perhaps fatally and one fireman was overcome by smoke in a fire that threatened the business district of Corsicana for more than an hour before it was brought under control today. Loss was expected to exceed \$50,000. The fire originated on the third floor of the Rosenberg Hotel, and Mrs. Nell Ehrhardt, Fort Worth, was burned, suffered a possibly dislocated shoulder and a severe gash on the forehead, when she refused to jump from the third floor of the structure. When firemen reached her with ladders she had fainted.

Cecil Adams, volunteer fireman, was the smoke victim. Five persons were in the hotel when the fire started, but all others escaped injury. The room and windows of the Farmer's Cash Grocery adjoining the hotel were saved when a section of the well of the burning hotel collapsed, driving debris through the roof of the smaller structure.

The hotel, a three-story brick structure, was erected in 1900. for Governor and serve a term in the office without spending a great deal more than his salary amounts to. It can't be done. Besides that, H. T. may want to run for Governor some time and if he does he wants to be able to live at least up to the present standards of the Nabers Street boarding house.

#### VERNON SCHOOL INSTRUCTION COST SHOWS INCREASE

The cost of instruction in the Vernon public schools was increased during the past school year \$2.31 per pupil more than the cost per student the previous year, according to Superintendent W. T. Lofland's annual report for the 1928-29 session to the State Superintendent of Public Instruction. The report was returned late last week from the office of the State Superintendent, after his acceptance. The cost of instruction per pupil is based on salaries and average daily attendance of the students.

The cost per pupil for white students for the past year was \$43.41, and for the negro pupils \$17.87. Much of the increase in per-pupil cost of instruction is attributable to the increased cost in the negro school, where the 1927-28 year's instruction cost only \$11.58 per pupil, \$6.29 less than this year's cost.

Attendance Declines.

The average daily attendance at the schools was 1,784.26 as compared with the 1,983.68 reported for the 1927-28 term. At the same time the aggregate costs, based only on teachers' salaries, increased about \$10,000. The salaries paid teachers in the white schools for the past year total—

#### EDUCATION BILL MAY GET AXE

VETO FEARED FOLLOWING  
FAILURE TO PASS  
AMENDMENT

Austin, July 2.—(A-P)—The House measure creating a nine-member State Board of Education is in danger of veto by the Governor, Senator Margie Neal, Carthage, sponsor of the measure, declared today, as a result of the failure last night of the Senate to adopt the amendment.

As passed by both houses, the measure declared no person who previously had accepted funds for campaign purposes from a book company should be elected state superintendent. Miss Neal sought to make the measure apply only to persons who accepted campaign aid after the act became effective, but the move mustered only 16 votes. A two-thirds majority would have been necessary to adopt the amendment.

Escaping Chloride Gas  
GIVEN AS CAUSE OF DEATH

Chicago, July 2.—(A-P)—Methyl chloride gas escaping from an electric refrigerator was given by a coroner's jury last night as the cause of death of Mrs. Violet Clark, 29, in her apartment Saturday.

At the same time the department of health estimated that at least 15 persons and perhaps many more have died in Chicago in recent months from the same cause. Four persons have been victims of the gas within the last 10 days, the department said.

#### BILL RESTORING SCHOOL HIT BY STORM SIGNED

Austin, July 2.—(A-P)—Governor Moody today signed the bill appropriating \$4,000 with which to restore the James school in Shelby County, destroyed by a tornado recently.

Other measures signed and filed by him included authorization for motorcycle cops to wear blue uniforms as well as dark gray clothes while making arrests; providing for investigation of the Texas fee system by a joint legislative committee.

#### TEXANS NAMED TO TALK NEW MEXICO BOUNDARY

Austin, July 2.—(A-P)—The personnel of the Texas committee to confer with authorities on New Mexico over the boundary line country was complete today with the naming of the House members by Speaker W. S. Barron.

The committee is composed of Representatives Joseph McGill, El Paso; Henry Webb, Odessa, and Arthur B. Tarwater, Plainview, and Senators B. F. Berkeley, Alpine, and T. J. Holbrook, Galveston.

#### BANK DEPOSITS \$4,590,771 ON CALL REPORT

Vernon Bankers View Totals  
With Optimism Despite Slight  
Drop Below Figures Recorded  
in Mid Year Condition  
Statements.

Reflecting what bankers characterize as favorable conditions in spite of a nominal decrease from previous figures, a total of \$4,590,871.62 was on deposit in the seven banks of Wilbarger County Saturday, according to reports made in response to the call issued today by the Comptroller of Currency and State Banking Department for reports of conditions of National and State banks at the close of business June 29. Bankers of Vernon viewed the totals with optimism.

Of the \$4,590,871.62 reported on deposit in the county, the four Vernon banks reported \$4,201,192.79. This was about half a million dollars less than the \$5,064,516 reported on deposit in the four Vernon banks June 30 of last year, when a total of \$5,497,760 was reported for the county. A total of \$5,129,318.27 was on deposit at the close of business March 27 of this year, according to the responses to the call.

Loans at the close of business last Saturday totaled \$2,750,725.62, as compared to the total of \$2,778,023 reported last year at this time. The March report gave the loan total as \$2,484,898. The Vernon banks' share of the loan total is \$2,388,447.05.

Individual reports of the banks for the present call follows:

Herring National, Vernon: Deposits, \$1,218,318.32; loans, \$883,791.26.

Farmers State, Vernon: Deposits, \$1,110,670.81; loans, \$545,591.47.

Wagoner National, Vernon: Deposits, \$1,010,406.32; loans, \$558,682.90.

First State, Vernon: Deposits, \$861,796.84; loans, \$370,381.42.

First State, Oklaunion: Deposits, \$69,000.99; loans, \$50,828.65.

First State, Harold: Deposits, \$141,165.84; loans, \$118,346.92.

First National, Odell: Deposits, \$188,509; loans, \$193,103.

#### FARM BOARD PLACES FILLED

HIGH SALARIED MEN TAKE  
POSITIONS AT GREAT  
SACRIFICES

Washington, July 2.—(A-P)—Alexander Legge of Chicago and C. C. Teague of California have accepted appointments to the Federal Farm Board.

Legge will be chairman of the Board for the first year, and James C. Stone of Kentucky, will be vice chairman.

The President expressed satisfaction today with the acceptance of both men made great sacrifices to serve the government. Legge, he said, had taken the place in the face of the fact that it reduced his salary from \$100,000 to \$12,000 a year, which was an evidence of his desire to be of service to the farmer.

Teague, the President said, also made great financial sacrifices in accepting the appointment.

#### NINE PERSONS INJURED AS TRAIN LEAVES TRACK

Chicago, July 2.—(A-P)—Nine persons were injured, three seriously, when a westbound Chicago, Rock Island and Pacific passenger train was derailed near here today.

Six pullman cars left the track. A relief train took the injured to a Des Moines hospital. The train was en route to Omaha from Chicago.

Fred L. Merck, Little Rock, Ark., was among the injured.

#### INJUNCTION SUIT FILED AGAINST SCHOOL ROAD

A petition seeking an injunction to restrain Wilbarger County officials from opening a county school road in section 43, block 12, H. & T. C. survey, has been filed in the Forty-sixth District Court. The injunction claims further damages than have been awarded for the opening of the road and asks \$250 for each acre involved and \$100 for general damages. The suit is signed by A. Allison.

#### MAN INJURED WHEN HIT BY AUTO LATE MONDAY

H. E. Hume, 74, of Amarillo, was seriously injured about 9 o'clock last night when he stepped in front of a car driven by R. M. Hampton of Vernon on the Colorado-to-Gulf Highway near Harris' Camp Ground. Mr. Hume was returning to Amarillo from a visit in Edinburg, Texas, and had stopped at the camp ground for the night. He had just registered at the camp ground office and was returning to the other side of the street where his car was parked when the accident happened.

He had stopped to allow one car to pass and failed to see the approach of the Hampton machine and stepped in front of it. He was taken to a local hospital where he is resting well today. He was badly bruised and suffered a head injury when he fell. The Hampton car was not driving fast and stopped at once.

An unidentified man was slightly hurt at the corner of Cumberland and Wilbarger Streets when he stepped in front of a car as the signal lights changed. He was taken to a hospital where he was found to be only slightly hurt. His name was not learned at the hospital.

#### PLANES COMING HERE JULY 3

PROGRAM FOR OPENING OF  
AIRPORT TO BEGIN  
WEDNESDAY

The program for the dedication of the Vernon Chamber of Commerce airport will begin late July 3, with the arrival of army planes from Brooks and Kelly fields, San Antonio, M. K. Berry, chairman of the Vernon airport committee, states.

The fleet of planes from the San Antonio field will arrive here late Wednesday and will be on hand for the official dedication of the airport Thursday morning. James Kelly, endurance record holder of Fort Worth, will arrive at the Vernon field at 9 o'clock Thursday morning in time for the opening of the program.

A letter was received today from W. T. Ponder of Fort Worth, a former Vernon resident, who will attend the celebration here. Mr. Ponder was a World War ace with the U. S. air forces and was ranked among the leading three American flyers. Mr. Ponder will fly to Vernon and will probably be accompanied by several other Fort Worth planes.

Three of the largest bombing planes in the Southwest have been secured for the airport program by T. L. Rouse and Robert Sparks. They will come from the Fort Sill, Okla., Army air station.

#### BLUE SKY BILL ONE OF LEGISLATURE CASUALTIES

Austin, July 2.—(A-P)—Among the casualties of the second called session of the 41st Legislature was the blue sky bill designed to replace the one now on the statute books and tighten up regulations governing stock sales.

Mrs. Jane Y. McCallum, secretary of state, had the measure drawn by the Attorney General's Department and made an unsuccessful effort to get it passed by the first called session.

The Senate passed it, but it died on the House calendar. A final effort was made to bring it up by unanimous consent, but this failed.

#### SECOND OIL EXPLOSION OCCURS AT HUMBLE PLANT

Baytown, Texas, July 2.—(A-P)—A second blast within 24 hours occurred today at the Humble Oil Refinery here, burning A. Shirley. The man was taken to the hospital here where it was said his injuries were not serious.

The other explosion occurred yesterday, V. C. Decker, 40, of Pelly and J. P. Owens, 38, of Goose Creek suffered injuries which resulted in their deaths. Champagne, 34, was burned probably fatally, and three other men received less serious burns.

No property damage was caused by the second explosion, the cause of neither blast had been fully determined.

#### HOOVER FAVORS GOING SLOW ON CUTTING TAXES

President Feels There Are Many  
Factors To Be Considered in  
Addition to Treasury Surplus  
at End of Fiscal Year Just  
Closed.

Washington, July 2.—(A-P)—President Hoover is hopeful that the treasury surplus at the end of the fiscal year just closed may lead to a reduction in Federal taxes, but he still feels there are many factors to be determined before a definite program can be formulated.

Before tax reduction can be effected, the President said today, the effect upon the treasury of legislation approved in the last twelve months must be determined, the extent to which routine expenditures can be reduced must be known, and prospective revenue must be more closely estimated.

By November 1, the President said, these things should be known. He did not say, however, whether he thought it possible to introduce tax revision legislation at the regular session of Congress next winter.

#### JAPAN CABINET YIELDS REINS

CRISIS PRECIPITATED BY  
PROBE OF WAR LORD'S  
DEATH IS CAUSE

Tokyo, July 2.—(A-P)—The government of Premier Baron Tanaka resigned today in a cabinet crisis precipitated by investigation of the assassination in Manchuria last year of Marshal Chang Tso Lin, Chinese military oppositionist.

The resignation was presented to Emperor Hirohito. His majesty sent for Yugo Mamagachi, liberal, or Minsell, opposition leader, ostensibly to ask him to form a new cabinet.

Prince Saionji, former premier and one of the "Genro" or so-called elder statesmen, also was summoned, presumably to advise with the throne and the Minsell leader with regard to a new government.

The retiring premier issued a statement explaining his resignation. He recounted his administration's achievements and then touched upon the government's fall.

#### Another Pair in Air in Quest of Endurance Record

Culver City, Calif., July 2.—(A-P)—L. W. Mendell and R. B. Reinhardt hopped off here at 7:29:30 a. m. today, in an effort to better the refueling endurance flight record of 172 hours 32 minutes and one second.

#### SOUTHERN CROSS FLYERS TAKE OFF FOR CALCUTTA

Rangoon, Burma, July 2.—(A-P)—Captain Charles Kingsford-Smith and three companions, aboard the airplane Southern Cross, left here at 10 a. m. for Calcutta in continuation of their flight from Sydney, N. S. W., to London.

They arrived here Sunday from Singapore. It is approximately 700 miles from Rangoon to Calcutta.

#### BOARD NAMED TO SEEK U. S. HOSPITAL IN TEXAS

Austin, July 2.—(A-P)—Appointment of Senators J. W. E. H. Beck, DeKalb, Walter Woodul, Houston, and Tom Deberry Bogata, as members of a legislative committee to appear before Congress in the interest of establishing a United States hospital in Texas was announced by Lieutenant Governor Miller today.

#### WOMAN SCHOOL TEACHER KILLED IN CAR ACCIDENT

Houston, Texas, July 2.—(A-P)—Miss Mabel Thibodeaux, 20, school teacher at China, Texas, died today at a hospital here of injuries suffered in an automobile accident at China Friday.

#### SPANISH OCEAN TRIO TELL OF EXPERIENCE AT SEA

Gibraltar, July 2.—(A-P)—Shortage of water, cold, rough seas and a bitter sense of being at the mercy of the waves were the chief memories of Major Ramon Franco and his three companions who reached Gibraltar today.

"Ask anything you want," said Major Franco to the correspondent of the Associated Press who talked with him. The Major was dressed in khaki. The suit had been given to him by one of the members of the Eagle's crew.

Out of gas, and much to their surprise, beyond the Azores, the airmen were compelled to alight on the sea.

"The landing was made perfectly on a quiet sea," said Major Franco. "My watch showed nine in the morning. At first we did not know where we were although we presumed we could not be so far from the Azores. Then the sea became rough, and strong winds pushed the plane from one side to the other. We saw no vessel. We felt slightly cold. Naturally we were much disappointed. Thinking we would soon see a boat, we settled ourselves and arranged to stand guard."

"We were not worried," said Major Franco. "We were not worried about eating since we had food for 15 days. The first night we did not sleep although at dawn I had a little nap in the commanding cabin. On the morning of the 23rd the sea was rough, and we feared for the plane. We even thought of dismantling the wings to avoid being shipwrecked. However, thanks to God, this was not necessary."

"We began, then, to feel thirsty, but soon decided to drink the water stored in the radiator. We did not

(Continued on page 2.)

#### Texas Breaker of Many Hearts Is Held in New York

New York, July 2.—(A-P)—An elderly Texas man who is said by the police to have left a trail of at least fifty broken hearts and as many empty purses across the continent was held today as a fugitive from Amarillo, Texas.

They said the elderly Lohario, who described himself as Charles H. Boyles, 68, was wanted in Texas City on charges of bigamy and grand larceny and for jumping \$10,000 bail on April 4, 1928.

His arrest, they said, cut short a romance started here with a Brooklyn woman, whom they described as the widow of a banker. They said another Brooklyn woman stopped going with him only after she had spent nearly \$7,000 while in company.

Boyles, when arraigned in Jefferson market court, declared he was innocent of the bigamy charge and asserted he had obtained a divorce before the questioned marriage. He was held under \$10,000 bail for a hearing Friday.

#### FINAL VOTE ON SCHOOL ABOLITION ANNOUNCED

Complete returns on the school election for abolishment of elementary schools in the Wilbarger County rural high school district No. 10, gave the vote as 86 favoring abolishment and 54 against. The election passed in all but two districts. The schools and the vote follow: Antelope, 33 for, 3 against; Guadalupe, 5 for, 13 against; Parsley Hill, 13 for, 1 against; Kincheloe, 12 for, 36 against; Haney, 23 for, 1 against.

#### ALLISON AND VAN RYN DEFEAT FRENCH TEAM

Wimbledon, England, July 2.—(A-P)—Wilmer Allison and John Van Ryn, American youngsters, sprang a surprise today by defeating the strong French combination of Henri Cochet and Jacques Brugnon in the quarter-finals of the British championship men's doubles by scores of 7-6, 8-6, 8-6.

#### DEFAULT JUDGMENTS ARE ALLOWED IN COUNTY COURT

The second day of the July session of County Court was adjourned this morning after a short session in which several default judgments were allowed. The docket for the remainder of this week will include civil and probate cases. The criminal docket will be called with the convening of Court next Monday.

#### WOMAN KILLED, SEVEN OTHERS ARE INJURED

Oklahoma Man's Automobile  
Crashes Into Parked Car  
During Rain When Lights of  
Approaching Car Blind Him  
—Injured Are to Recover.

Mrs. Betty Graves, 60, of Hillsboro was fatally injured and seven other persons sustained more or less serious injuries when the car driven by D. D. Lewallen, Oklaunion, son-in-law of Mrs. Graves, crashed into a parked car about three miles east of Oklaunion on the Colorado-to-Gulf Highway. The accident happened about 9:30 o'clock during a severe rain storm and Mr. Lewallen said he was blinded by the lights of an approaching car, and could not see the parked car.

Dr. J. D. Michie, driver of the parked car, said the lights of another car had made it impossible for him to see and he had stopped to allow it to pass, turning off his lights to aid the driver.

Nine people were in Mr. Lewallen's automobile at the time, and only two, 6-year-old twin sons of Mrs. Lee Veal, of Oklaunion, were uninjured.

Others who received injuries in the accident were Marjorie Lewallen, 10; Bradley Graves, 14; and Billy Jim Veal, 2. Dr. Michie was alone in his car, and escaped injury.

Apart from Mrs. Graves, Mrs. Veal

(Continued on page two.)

#### CRUDE OUTPUT SPURTS UPWARD

PRODUCTION IN ALL FIELDS  
INCREASES DURING  
PAST WEEK

Tulsa, Okla., July 2.—(A-P)—Crude oil production in virtually all major fields in the United States, and especially in Oklahoma and California, spurred to the front during the week ending June 29 to compile a total increase of approximately 35,000 barrels in excess of the total estimated daily average production for the country during the week ended June 22, according to the Oil and Gas Journal.

This increase was entirely in light oil. Heavy oil production remained constant. The grand total estimated daily average production was 2,228,222 barrels as compared to 2,190,190 barrels for the week ending June 22.

Oklahoma production aided chiefly by an increase in the Seminole area increased 19,200 barrels during the week West Texas increased but 1,300 barrels. The total mid-continent area increase was but 9,616 barrels.

California production in light oil increased 15,250, aided by a 7,000 barrel increase in the deep drilling Santa Fe Springs area.

#### MAN UNDER ARREST AFTER BAYTOWN SHOOTING FRAY

Baytown, Texas, June 2.—(A-P)—C. R. Eips, 32, of Baytown, was in a local hospital with a pistol wound in his abdomen, and H. L. Cone, 29, Baytown service car operator, was in the Goose Creek city jail charged with assault to murder after a shooting at Baytown yesterday.

Cone told officers Eips struck him several times before the shooting which climaxed an argument. Three shots were fired. The first hit one of Eips' fingers, the second entered his side and the third went wild.

#### MRS. MORROW ON WAY TO HOME IN MEXICO CITY

Laredo, Texas, July 2.—(A-P)—Mrs. Dwight Morrow, wife of the United States Ambassador to Mexico, passed through Laredo today on her way to Mexico City. Because of the early hour, Mrs. Morrow's party was not disturbed by immigration and customs officials.

#### LIQUOR CHARGES FILED AGAINST VERNON PAIR

Mrs. Lola Newton, white woman, and Massie Felder, negro, both of Vernon were arraigned in the Federal Court at Wichita Falls late yesterday on a charge of possession and sale of intoxicating liquor. The charges were filed jointly and bond was fixed at \$750 in each case. Mrs. Newton made bond.

# SOCIETY

## METHODIST WOMEN MEET IN BUSINESS SESSION

The Women's Missionary Society of the First Methodist Church met in regular business session at the church at 4 o'clock Monday afternoon. In the absence of the president, Mrs. S. E. Porterfield, Miss Robbie Castlebury presided.

Those present were: Mrs. J. R. A. Miss Rebecca Crow, Mrs. Robert Cole, Mrs. H. K. Grever, Mrs. D. M. Ferebee, Mrs. J. L. Eggleston, Mrs. E. L. McCurdy, Mrs. W. D. Curtis, Mrs. H. W. Norwood, Mrs. C. A. Dickley, Mrs. L. G. Hawkins, Mrs. Dee Norwood, Miss Robbie Castlebury, Mrs. W. F. Martin and Mrs. U. S. Davis.

## YOUNG BAPTIST WOMEN HOLD BUSINESS SESSION

The Young Women's Missionary Auxiliary of the Baptist Church met last night at 8 o'clock at the home of Mrs. J. O. Rouse. The meeting opened with the Y. W. A. song which was followed by a scripture reading by Julia Wells. A program on "Prayer" was rendered by Annie Lacy. Rosalyn Coleman and Nell McWilliams.

A business session was held and Rosalyn Coleman was elected secretary to replace Allene Arnold, retiring secretary. Y. W. A. pins were ordered for each member of the Auxiliary.

Refreshments which carried out the Fourth of July were served to Julia Wells, Rosalyn Coleman, Hazel Fallin, Versa Hughes, Annie Lacy, Opal Thomas, Mr. and Mrs. J. O. Rouse, Nell McWilliams, Katherine Weaver, Lillian Oliver, Genevieve Irick, Mrs. Swim and Allene Arnold.

## BAPTIST WOMEN MEET AT CHURCH HERE MONDAY

The women of the Baptist Missionary Union held a regular meeting at the church Monday afternoon. The meeting opened with the song "Sweet Hour of Prayer" and was followed by the devotional reading on "God's Promise", by Mrs. W. A. Lane. Mrs. R. G. Hughes was leader of the program and the subject of the lesson was "Stewardship of Prayer". Mrs. John Myers discussed the topic of "Prayer" and Mrs. E. F. Lyon entertained with a vocal solo. The meeting was closed with a prayer. Those present were: Mrs. W. N. Martin, Mrs. A. T. Stanford, Mrs. J. V. Owen, Mrs. L. D. Campbell, Mrs. W. S. Curran, Mrs. S. P. Coffey, Mrs. L. G. Hughes, Mrs. Eunice Wilson, Mrs. D. E. Stine, Mrs. E. D. Vaughn, Mrs. A. Allison, Mrs. S. C. Johnson, Mrs. R. M. Fielder, Mrs. John Myers, Mrs. S. E. Smith, Mrs. E. F. Lyon, Mrs. J. H. Garrett and Miss Ethel Haney.

## CHRISTIAN WOMEN MAKE PLANS FOR COMING YEAR

The Women's Missionary Society of the Central Christian Church held its regular monthly meeting Monday afternoon at the home of Mrs. R. H. Nichols on Nabers Street. Mrs. Hale Davis, president, presided, and Mrs. J. M. Perry opened the meeting with a prayer. Plans for the new year were made. Brick ice cream and cake were served to Mrs. W. T. Lofland, Mrs. J. M. Perry, Mrs. F. G. Burgess, Mrs. Harry Mason, Mrs. J. M. Denny, Mrs. R. T. Evans, Mrs. M. A. Burgess, Mrs. C. T. Smith, Mrs. Hale Davis, Mrs. G. W. Lisenbee, Mrs. J. V. Leak, Mrs. Pete Baker, Mrs. Jim Armstrong, Zelma Fagg, Mrs. H. M. Alexander, Mrs. Henry Rogers, Mrs. L. L. Livsey, Mrs. Josephine Collins, Mrs. C. D. Greene and the hostess Mrs. R. H. Nichols.

Record classified ads bring results.

# Modes of the Moment

One of the innovations is Mirande's three piece dinner and theater suit with separate skirt and short jacket of black jet beads and a printed chiffon blouse with slashed back.

## CAPITAL TALKS TAX REDUCTION

### TREASURY SURPLUS SEEN AS INSPIRATION TO MOVE FOR CUT

Washington, July 2.—(P)—The months of discussion about tax reduction which are to come in Congressional circles have already begun, with the \$135,000,000 treasury surplus as the inspiration.

Except an assertion by Secretary Mellon that the question of recommending reductions has not been considered, administration officials have withheld comment on the prospects. Members of Congress who are still in the capital are less reticent, but most of them think that if any reduction proposal at all is to come from the administration it cannot be expected before the regular sessions begin in December.

Democrats of the Senate finance committee, here chiefly because of the tariff revision hearings, lost no time in raising the question, and Chairman Smoot, frequently an administration spokesman on financial affairs, was equally prompt with the declaration, "nothing doing."

Senators Simmons of North Carolina and Harrison of Mississippi, committee Democrats who sought greater reductions than were proposed by the last administration during consideration of the present tax law, pointed to the surplus as vindicating their stand and disclosed their intention to press for further reduction.

## DRY OFFICERS ACCUSED OF CONVOYING RUM FLEET

New York, July 2.—(P)—Two Federal prohibition agents were under arrest today accused of conveying a fleet of liquor trucks on Long Island. The agents Joan J. Kerrigan and John J. Calnan, were held in \$3,000 bail, each after Deputy Sheriff William Lindsay of Peconic, N. Y., told a United States Commissioner he found them escorting a caravan of five trucks through Riverhead, N. Y., on the night of June 19.

Menu—Breakfast.

Chilled Cantaloupe

Wheat Cereal and Cream

Poached Eggs and Buttered Toast

Coffee

Luncheon.

Cottage Cheese

Bread Currant Jam

Fruit Cookies

Iced Tea

Dinner.

Deviled Eggs Potato Chips

Creamed Carrots and Peas

Bread Plum Jelly

Pineapple Fluff Coffee

Cottage Cheese Salad for four.

1 cup cottage cheese

1-2 cup diced cucumbers

2 tablespoons chopped pimientos

1 tablespoon chopped onion

1-4 teaspoon salt

1-4 teaspoon paprika

1-5 cup salad dressing

Mix all the ingredients, excepting

the salad dressing and shape into individual molds. Chill. Unmold on lettuce leaves and surround with salad dressing. China cups or earthenware

or china custard cups can be used for the molds.

Currant Jam.

(With red raspberries)

2 quarts currants

1 quart red raspberries

1-2 cup water

6 cups sugar

Wash the currants and remove from the stems. Let stand for 1 hour. Boil gently for 45 minutes. Stir frequently. Pour into sterilized jars.

Pineapple Fluff.

(A gelatin dessert)

1 cup grated or finely chopped pineapple

1 cup sugar

1 cup boiling water

2 tablespoons lemon juice

1 tablespoon granulated gelatin

3 tablespoons cold water

2 egg whites, stiffly beaten

Cook slowly for 5 minutes, the pineapple, sugar and water. Add the gelatin which has soaked for 3 minutes with the cold water. Stir until gelatin has dissolved. Cool and chill. Beat until frothy and add lemon juice and egg whites. Pour into a mold and chill. Serve with custard or cream.

Better Weather

Promised Ohio's

Endurance Flyers

Cleveland, Ohio, July 2.—(P)—Better flying weather than has been granted the endurance pilots Byron K. Newcomb and Roy L. Mitchell since they set out last Friday to break the world's record for sustained flight was forecast for the next 24 hours today as they passed the half way mark in the attempt.

Fog had disappeared, a low ceiling of heavy clouds had lifted and clear weather, with moderate winds, promised more favorable conditions.

They are flying against time with almost three days to go if they are to break the recognized mark of 172 hours 32 minutes and 30 seconds.

## MODERN METHODS MAKE FOR PEACE

The modernist who reads the works of economists of a few decades ago finds at least one theory that is incongruous to the present state of things. All writers of a few years back seemed firmly convinced that one of the menaces of continued progress and further development of civilization was the possibility of arriving at the point where the capacity of the world to produce food stuffs would not be great enough to supply the demand.

It is difficult to make the present over production of farm products appear compatible with this theory. At least we are safe in discarding the fear of that menace for the present and brief reflection must convince us that not for years to come will it be a menace, even if then.

The theory that population inevitably tends to increase faster than the means of subsistence and that wars, famines and plagues are consequently unavoidable curses of humanity has received a severe jolt by the development of modern machinery and other methods that have placed production of foodstuffs of all sorts far above the demand.

At present there is a large surplus of American farm products. This surplus has occurred annually for eight years; there is not only no indication that it will disappear in the immediate future but as all observers of the market trend will attest there is reason to fear that the surplus will continue to accumulate.

For the farmer this situation may seem to hold little hope, but regarded from the angle of the economists of old who were convinced that the shortage of foodstuffs and the necessities of existence is the fundamental cause of famines, plagues and wars, there is much encouragement to be found. If wars are fundamentally the outgrowth of the necessity of peoples to obtain additional foodstuffs even at the expense of killing their fellow beings, it is surely a happy situation when we know that there is a surplus of food products and that modern American methods and the surplus of farm land could be made to double or treble the present production.

Perhaps permanent peace is not the idea of a dreamer after all. The primary cause for wars has been removed and there is no longer an excuse for believing that a nation must war on others to continue to provide for an increasing population. Perhaps mechanization and specialization are to serve humanity in another way than merely by lightening the burden of the laborers.

## LET'S PROTECT LIFE

While preparations are being made to observe the hundred and fifty-third anniversary of the American Declaration of Independence in the usual hilarious manner, it is appropriate to offer a word of caution. The "Safe and Sane Fourth" idea has been dwelt upon so frequently and vigorously that it is impossible to advance a new thought, or conjure up new word pictures that our method of celebration claims.

Unfortunately it seems that all that has been said, at least the major part of it, has been ignored. Americans continue to celebrate Independence Day in their own particular way, with little regard for life and safety, and as a result the papers of the day following the holiday always carry stories of an appalling number of fatalities resulting from the methods of celebrating.

Texas can well take the records of the past week end as an object lesson. Nine lives were claimed and a score of persons were injured in traffic accidents. Yet drivers doubtless were comparatively careful, and far fewer people were on the highways than will be out on July Fourth, the day that excites the most conservative and imperturbable persons to action.

So—Texans and Americans can fittingly observe the anniversary of their independence without sending several of their number to meet their maker, and injuring many others for life. Careful driving will elimi-

nate traffic accidents. Care in other activities will reduce the July Fourth accident toll to a minimum.

It would be an event worth commemorating if the Fourth of July could pass in Texas without a single death attributable in any way to the observance of the holiday.

## Kentucky Storms Make Scores of People Homeless

Lexington, Ky., July 2.—(P)—Storms in central and eastern Kentucky late yesterday forced two score or more families from their homes and washed away several bridges. Lightning took the life of a high school boy.

At Carlisle Brushy Fork rose rapidly after a heavy downpour and flooded some fifty dwellings and

## SARGON NOW SMASHING ALL SALE RECORDS

If anyone told you that one single medicine had relieved tens of thousands of suffering men and women in all walks of life of their health troubles and that it had put thousands of other men and women unable to find relief back to work, it would sound impossible, wouldn't it?

But that is just exactly what is happening right here in this state. Not only has it brought them new-found health and strength, but it has given them new energy, new vitality and a new lease on life itself. In many cases the results have been so remarkable that many people have bought it and sent it to friends in other states, while other thousands have written grateful letters of praise.

The wonderful success that Sargon and Sargon Soft Mass Pills have achieved in only one year's time simply staggers the imagination. In the state of California alone where it was introduced on April 16 of this year, it has required the astonishing total of nine solid carloads—or more than 200,000 bottles—to supply the demand. Kansas City retailers and wholesalers have sold and distributed over 300,000 bottles in the states of Kansas and Missouri. Minneapolis and St. Paul dealers have required nine entire carloads in five months. The demand in practically every state and section where Sargon has been introduced has been correspondingly large. When national distribution has been completed it will require millions upon millions of bottles to supply the ever-increasing demand for this celebrated medicine.

Back of Sargon's triumph in the drug stores is Sargon's triumph in the homes. Everywhere it has been introduced it has become a household word and it is unquestionably the most widely talked-of medicine in the world today.

When Sargon was first given to the world just one year ago, it was hailed as a triumph in the field of modern medicine. Many well known authorities who watched its development freely predicted that it would become the one great outstanding, health-giving remedy of the age. But the men of science who labored for years to perfect it little dreamed it would become such a great boon to humanity in so short a time.

Sargon may be obtained in Vernon at Huber's City Drug Store; in Harbald at Oliver Drug Co. Adv.

## BRITISH LABOR PARLIAMENT IN FIRST SESSION

Administration Speech Has Little That Is Startlingly Socialistic and Follows Program of Preceding Conservatives and Liberals.

London, July 2.—(AP)—Great Britain's new Labor Government today formally embarked upon its administration with the opening of parliament, the sixth in the reign of George V. and the presentation of the speech from the throne in which Labor's policies were publicly outlined.

The scene in the upper house where the King's speech was read by Lord Chancellor Sankey in front of the empty throne was one of the simplest and quietest in many years. It was the first time since 1900 that Parliament had opened in the absence of the sovereign. Although King George had returned to London yesterday, it was not deemed advisable for him to

## Maple Leaf Furnishes Idea For New Plane

Russell Jamieson (left) has invented a two-cylinder aviation motor which is without valves and has only four moving parts. Two inventors at San Antonio, Texas, were inspired by the maple leaf and the rain drop to produce the machine at the right. Below is the \$500 biplane constructed by Monte C. Opata of Bremerton, Wash., who learned his aviation from books.

make the effort to read the speech himself.

### Colorful Scene.

Seated before the vacant seat of his majesty were the Royal Commission of five acting for the King. In their scarlet and ermine robes they provided the only vivid color in the solemn chamber. On their right sat the Archbishop of Canterbury and six other lords spiritual. Opposite the bishops were perhaps 50 peers in the usual morning dress.

The lord chancellor, president of the Commissioners, despatched a summons for the commons to attend and when members stood before the bar of lords the five commissioners saluted them by raising their three-

cornered black velvet hats three times.

### Program Outlined.

Then while the members of the other chamber stood, Lord Chancellor Sankey, still seated, read and delivered the ministerial declaration. There was absolute silence among those on the floor and in the galleries as the crisp tones revealed Labor's administrative program.

General opinion was the speech had little that was startlingly socialistic, and save in a few instances might have been the program of any recently preceding conservative or Liberal ministry.

Among promises made were that there would be efforts toward dis-

armament, recognition diplomatically and resumption of trade relations of Soviet Russia, improvements of unemployment, and investigation of numerous industrial ills.

The first sentence of the speech after its introduction was that "my relations with foreign powers continue to be friendly." The address then mentioned favorable conclusions of a reparations agreement and preparation for a second conference of governments which should climax its work with arranging for evacuation of the Rhineland.

It is said of disarmament: "Conversations have commenced with the Ambassador of the United States of America on the subject of naval disarmament in consequence of which it is the earnest hope of my government to insure in co-operation with my governments in the dominions, the government of India and the governments of foreign powers, an early reduction of armaments throughout the world."

## Strike Suspends Trolley Service in New Orleans

New Orleans, July 2.—(AP)—All possible motor buses and taxicabs were pressed into service today to furnish transportation in a general strike of street car employees here.

Approximately 1,800 men were affected by the surprise suspension of work order issued last night by Edwin Peyroux, president, and other officials of the local carmen's union, ordering activities ceased on the claim that recent arbitration with New Orleans Public Service, Inc., over dismissals and suspensions of employees had proved unsatisfactory.

## FURTHER TEXAS QUIZ PROMISED

SENATE PATRONAGE PROBE RECESSED AFTER FOUR DAYS IN STATE

Dallas, July 2.—(AP)—Four days in Texas not having given the Senate patronage committee sufficient time to investigate alleged job peddling by the State Republican organization, Texas today looked forward to a renewed investigation.

Two members of the committee, Senators Smith W. Brookhart, Iowa, Republican, Chairman, and Kenneth McKellar, Tennessee, Democrat, recessed the hearings here yesterday after three days of hearings in San Antonio and one in Dallas. Senator Brookhart announced new important evidence had been discovered which the committee would consider soon.

Although no official announcement was made, it was learned the continued hearings would deal with oil transactions at Fort Worth and their connection with patronage. Republican National Committeeman Rene B. Creager of Brownsville was criticized by numerous witnesses and testified twice in the four days refuting the attacks' statements. He once was threatened with arrest for contempt of the Senate after a disagreement with Senator McKellar. The committeeman disagreed most often, however, with Senator Brookhart, and on several occasions the Tennessee committee member was forced to intervene and ask Senator Brookhart and Creager to let him "be the oil on troubled waters."

Few instances of alleged purchases of offices were brought to the attention of the committee. The major point of attack was on alleged lax law enforcement by appointed Federal officers, and Senator McKellar said he thought something should be done to obtain the removal from office of Roy Campbell, customs collector at Laredo. John D. Hartman, Federal District Attorney at San Antonio, was another of the present office holders assailed by witnesses, as was Adolph Kahn, deputy customs collector.

## PLAN FOR JURIES TO PASS ON TAX VALUES DEFEATED

Austin, July 2.—(AP)—Defeat of the House measure allowing juries to determine taxable valuation of prop-

## He Made Good in Home Town

Ambitious youth often shuns the old home town to seek fame and fortune in distant lands. However, James P. Houlihan, above, wasn't of that type. He started as a junior clerk in a home town bank at Savannah, Ga., 25 years ago and today he is president of the institution, one of the largest in Georgia.

erty was seen today through failure last night of proponents of the bill to print on minority report. Eleven Senators balloted against the proposed act, indicating it will not be brought up by a two-thirds vote on the final day of the session.

The bill arose out of a dispute over valuations of sulphur deposits in Wharton County.

Commissioners Courts previously have been cloaked with authority to pass on ad valorem valuations.

## THE BANG OF BURNED OUT BEARINGS YOUR MOTOR CAN ESCAPE IT

If you've ever listened to the anvil chorus under the hood when a bearing burns out, you realize the damage that poor oil can do to a motor. Replaced bearings cost real money—a great deal more, in fact, than the cost of a year's supply of good oil.

Isn't that reason enough why you should always insist upon a brand of oil which has stood the test—a brand backed up by an organization which has spent years specializing in the lubrication needs of every type of motor?

Such are the brands offered you by the Continental Oil Company. You may be sure that an oil sponsored and sold by this organization is the right oil for your car.

You protect the bearings—and your pocket-book, too—when you ask for these brands at service stations and garages.

## CONTINENTAL OIL COMPANY

Producers, Refiners and Marketers  
of high-grade petroleum products in Arizona, Arkansas, Colorado, Idaho, Kansas, Missouri, Montana, Nebraska, New Mexico, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wyoming

Conoco Amalie is 100% Pennsylvania Oil—refined from premium crudes by a special process. Universally recommended by automotive engineers and lubrication experts.

Through exhaustive laboratory and road tests it has demonstrated its ability to lubricate properly under the most trying conditions of motor operation.

# EXTRA LIFE for your car

Celebrate the 4<sup>th</sup> with plenty of ICE on hand

NO MATTER what you have planned for the Fourth—whether a picnic, a party, or just a quiet day at home, you want to enjoy it to the full. For the Fourth is, above everything else, a day of celebration.

There is no better way to make sure of keeping yourself and your family or guests feeling fresh and fit, than to have plenty of ICE on hand. Big bowls of cracked ICE for cold drinks—plenty of ICE to add gaiety and appetizing appeal to the table—and a refrigerator full of ICE to keep foods fresh and delectable.

Or, if you are going to spend the day on a picnic, you'll enjoy an ample supply of ICE perhaps even more. Cold refreshing drinks when you're hot and thirsty—and a big freezer full of ice cream—those are what make a picnic a picnic!

But fortunately ICE isn't limited to festive occasions alone. Every day this summer you can enjoy it—and remember the cost is only a few cents a day. We'll be glad to keep you supplied.

## Fargo Team Wins Eighth Straight by Beating Odell

The Fargo baseball team won its eighth straight game Sunday by defeating the Odell team 13 to 1 in a loose game on the Fargo diamond.

The winners obtained 16 hits off Lefty Wyatt, Odell hurler, and Dunson, Fargo pitcher, kept the light hits allowed the visitors well scattered.

The Fargo team is matched with the Oklahoma team for one of the games to be played at the Vernon City Park next Thursday morning as part of the homecoming and Fourth of July celebration program planned by the Chamber of Commerce. Both teams have been successful this season, and the game promises to hold the interest of all its spectators.

Last Saturday the Fargo team experienced little difficulty in trouncing the Chillicothe team 9 to 6 on the Fargo field.

## British Player in Semi-Final First Time in Years

Wimbledon, July 2.—(AP)—For the first time since 1925, the British Empire has placed one of its subjects in the semi-final round of the men's singles in the British tennis championships.

H. W. Austin, generally regarded as the most promising English tennis player in recent years, gained the semi-finals along with Big Bill Tilden, Henri Cochet and Jean Borotra, by eliminating the Hungarian ace, Baron Von Kehring, in straight sets yesterday.

Four years ago, J. O. Anderson of Australia, got as far as the semi-finals, losing in that round to Rene Lacoste of France, but since then France and the United States have monopolized the last four places until Austin came along to break into the "charmed quartet." In 1926 the semi-finalists were Jean Borotra, Jacques Brugnon and Henri Cochet of France, and Howard Kinsey of the United States. The following year it was Cochet, Borotra, Tilden and Lacoste. Last year Cochet, Lacoste, Tilden and Christian Boususs fought it out for the right to enter the finals.

## JULY FOURTH BOXING CARD IS ARRANGED

Thirty-Six Rounds of Fast Mit Slinging Promised Sports Fans at Close of Dedication and Homecoming Celebration Thursday.

That Vernon's homecoming and celebration day, July Fourth, will be topped off with a boxing show was practically assured this morning when Delbert Webb, into whose charge plans for the program were 36 rounds of boxing would be staged on the court house square Thursday night.

Heading the list of fighters will be Howard Scott of Electra and Corporal Barnes of Fort Sill, Oklahoma, who will compose the main event of the boxing program. Both men will be remembered here by their appearance at the American Legion district convention when they fought at the American Legion Hall. Scott took the decision at the end of a six-round bout. Both men weigh 135 pounds.

They will go eight rounds here Thursday night, it was announced this morning.

Jack Reno, 155, of Lawton, Okla., will stage a six-round duel with "Sailor Jack" Minor, 155, of Wichita Falls. It will be the first appearance of the men in Vernon. Both fighters are well-known in their territories.

Jack Walton of Wichita Falls and Bob Chapman of Electra will meet in a six-round battle as the third bout of the evening. Both men weigh approximately 130 pounds, and are evenly matched as to skill. They have not appeared here recently, but have made good records in rings throughout this section.

Buck Scott of Electra and Charlie Harmon of Grandfield, Okla., are carded for a four-round melee in what should be one of the fastest bouts of the program. They are feather weights, weighing between 100 and 110 pounds each.

Local boxers will display their prowess when Jack Clark and Burton Hobson meet for a four-round scrap. Clark appeared on the American Legion card June 8 in a four-rounder with Chester Luttrell, and won the decision over the latter. Hobson is said to be a creditable boxer, and will make a good match for the established Clark.

Mexico has its list of ring heroes starting with Herrera and Rivers and coming down to Rodriguez who is to be matched for a fight in the Mexico City bull ring.

## SCHEDULED CONTEST BETWEEN METHODISTS AND BAPTISTS IS PREVENTED BY JUPE PLUVIUS

The Sunday School League game scheduled for yesterday afternoon between the Baptists and the Methodists was called off on account of rain, and the tilt was postponed indefinitely.

The clubs have two weeks in which to play the game.

The game yesterday afternoon probably would have broken the tie for first place in the league standing, both the Methodists and Baptists having won their first game of the second half of the season. A large crowd had gathered yesterday to witness the game, expected to be the feature of the week, only to be dispersed by a shower that soon passed. Darkness, however, would have hindered the game, had enough players remained to play it.

The Baptist team meets the Christian club tomorrow afternoon. The teams have not met since the beginning of the second half, but dope points to a Baptist victory. At present the Christians club is trailing in the cellar, having lost both games started this half season. During the first part of the season, the club presented a serious threat to every team it faced, and a come-back is expected this half.

## Proven Relief For Stomach Troubles

This remedy has afforded hundreds of people relief from Ulcers of the Stomach, Gas on the Stomach, Indigestion, and other chronic ailments. It tones up the stomach, restores a normal healthy condition, allowing natural digestion to take place. Every person suffering in the least from Stomach disorders should use PIERLESS STOMACAL to relieve their condition. A neglected stomach ailment may, if not attended to by proper treatment, lead to serious complications. This remedy is especially beneficial in the treatment of Ulcers of the Stomach.

I wish to tell you how much your PIERLESS STOMACAL has helped me. I had been troubled for four years with acute indigestion and could not eat. I have now taken two bottles of PIERLESS STOMACAL and I am entirely cured and can eat anything I wish to. I earnestly recommend this remedy to anyone troubled with stomach ailments.

## CHAMPS HAVE LITTLE HOPE IN BIG LOOPS

With Fourth of July, Time-Honored Point for Taking Pennant Soundings, Close at Hand, Yanks and Cards Are Counted Out.

The Fourth of July, time-honored point for taking pennant soundings, is close at hand, and if baseball tradition holds true neither the New York Yankees nor the St. Louis Cardinals will repeat their major league championship victories of last year.

As the races stand now the Yankees languish in third place in the American League, nine full games back of the league-leading Philadelphia Athletics. The Cardinals trail the Chicago Cubs, pace-setters of the National circuit, by five games.

Whatever happens between now and Independence Day, the Athletics can not be ousted from the American League lead. The Cubs' hold on first place in the National League is not secure, Donie Bush's Pittsburgh Pirates trailing by only half a game.

The National League situation remained in status quo yesterday as the Cubs and Cardinals, meeting in the league's only battle, struggled to a 11-11 deadlock called at the end of the sixth inning to allow the Cardinals to grab a train for Pittsburgh. Six pitchers saw service in the fray and granted 29 safeties. Riggs Stephenson, Cubs outfielder, was the batting star of the day. He crashed out two home runs and a double and drove in seven runs.

In the American League, the Yankees barely escaped dropping back a little further in the race. Benny Paschal's pinch home run with Koenig on base in the seventh gave the champions a 3 to 2 verdict over the Boston Red Sox. Paschal's homer enabled the Yanks to shake the spell that Billy Bayne had woven over them this season. Bayne already had beaten the champions twice and seemed to be well on the way to victory when Paschal came through. Herb Pennock was given credit for the victory although he was out of the game when the winning runs were scored, Paschal being a pinch batsman for him.

## Venerable Panther Manager Wasn't Fired and He Didn't Quit, It Was Mutual Agreement, Statement Says

## STEERS HOLD TO TOP RUNG

NARROW MARGIN RETAINED BY SLAUGHTER OF WACO CUBS

(By The Associated Press)

Texas League teams will take the field this afternoon with full knowledge of whether they are to start all over again July fourth with a new lease on life, or will retain their present standings right on through. The eight club owners, who have the last say in the matter, planned to meet in the forenoon at Dallas and make their decision.

It is a question whether Dallas or Shreveport will be in the lead tomorrow night. The Steers, as the result of a 17 to 4 slaughter of the Waco Cubs yesterday, held tenaciously to their one-game advantage over the Sports, who won their twelfth straight at San Antonio's expense, 10 to 3. Wichita, losing its series to Beaumont by dropping the final, 9 to 6, tumbled into third place and now has only the barest chance of being ahead at the halfway mark. Fort Worth stayed six games off the top by sweeping its series with the Buffs, 11 to 8.

The Sports had Spudders open what might prove a vital series in the Louisiana City today, that is, vital if the magnates should forget all their pretty promises and sever the season. A Spud victory would eliminate both from a possible first half title, no matter how the Steers fare against Fort Worth. Other pairings find the Indians aligned against the Buffs at Houston and the Exporters invading Waco's notorious Katy Park. Nothing much depends upon the outcome of either series.

## ACCUSE MAN OF KIDNAPING 10-YEAR-OLD OKLAHOMAN

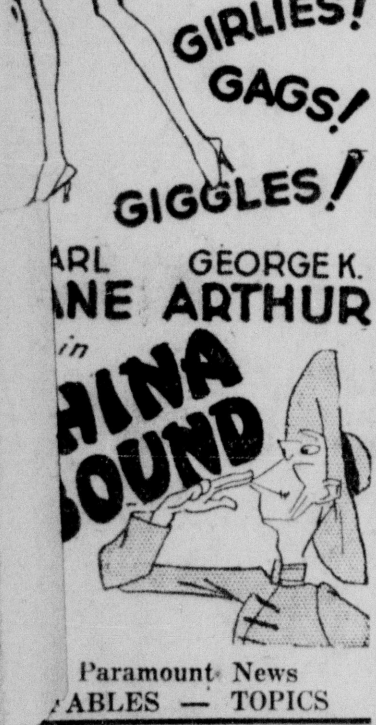

Wichita, Kan., July 2. — (AP) — Charles D. Black, 35, of Tulsa, was held here today for extradition to Oklahoma on charges of kidnaping 10-year-old Orville Hogan from his home in Ponca City, June 20.

Black and the boy were located at Peabody, Kan., yesterday by Sam Tulk, former Ponca City chief of police. The man is alleged to have enticed Orville from home with the promise of a job distributing handbills.

## More for Your Power Dollars

ANY way you measure its performance—per acre—per hour—per gallon of gas—a Cletrac on your farm gives you more for your money! On the plowing job—fitting the seed bed—pulling seeders—harvesting with combine or picker—on every operation Cletrac performs with an ease, speed and economy that clips dollars from your costs and hours from your schedule.

## Cletrac CRAWLER TRACTORS

Cletrac's great power reserve invites you to load it up—to add an extra plow or another section of disc or harrow. It's sure, non-slipping traction makes every day a good day for field work. Its instant oiling system saves you the slow hard job of greasing and oiling.

## Find Out About Cletrac!

You've watched the steady trend toward crawler tractors. More than likely you have wondered many times just what these powerful, easily handled tractors could do for you. Why not find out—today! Let us place the whole story before you—how Cletracs are helping other farmers—how they are cutting costs and speeding up work everywhere.

Mail the coupon or write!

## AIR ENDURANCE FLIGHT FAILS

CALIFORNIA ATTEMPT ENDS  
IN CRASH ON EDGE OF  
FLYING FIELD

Los Angeles, Cal., July 2.—(AP)—The endurance flight record attempt of the Cessna monoplane piloted by Leo Nomis and Maurice Morrison ended abruptly after 42 hours five minutes of flying at 1:05 a. m. today when the motor stalled and the craft crashed at the edge of the airport. The injuries of the flyers and damage to the plane was slight.

The flyers were slightly cut about the face and head, and the landing gear of their plane was smashed. Their injuries were dressed at the field and immediately they announced that as soon as the plane could

be repaired they would take off on another attempt.

What caused the motor to quit was not immediately ascertained. A high fog which had shrouded the landing field was blamed.

The plane took off Sunday at 7:30 a. m. and had been circling the airport at about 5,000 feet above the fog bank when the motor went dead.

### HARROLD CLUB BOYS REPORT ON ORGANIZATION PROJECTS

Eleven 4-H club boys of the Harrold organization met late last week with R. E. L. Pattillo, county agent at Harrold. The boys reported on their club projects and are showing progress in their work. Mr. Pattillo said. The youths also worked on their notebooks. The following boys were present: Joe Rivers, Lewis Goodale, B. A. Vaughn, Jim White, Clifford Hopper, J. B. Pouiter, Roy Corlier, Leslie King, Paul Rivers, James Rivers, and Buster Walker.

## Austin Planning Big Celebration for July Fourth

Austin, Texas, July 2.—Austin and Central Texas will join with the University of Texas in putting on the annual Independence Day Celebration at the University Memorial Stadium on the evening of July 4, according to V. I. Moore, dean of student life at the University, who is in charge of arrangements for the affair.

A magnificent fireworks display, featuring set pieces, rockets and bombs, will be staged at intervals during the program. Among the special set pieces will be the Texas Flag in colors, Niagara Falls and "The Battle of the Convoys." "The Temple of Flora" and "Pandora's Jeweled Cornucopia" are two of the most impressive and beautiful rocket displays ever presented here, Dean Moore said.

The American Legion drum and bugle corps will be present and will present the ceremony of lowering the flag. Short patriotic messages will be delivered by Mayor P. W. McFadden, President H. Y. Benedict of the University and Dr. Frederick Eby, director of the University summer school.

Gostime dances, directed by Miss Marian Briggs of Austin, a former University student, in which students of the University summer school take part, will form another part of the program. The chief feature of the dances will be a minuet.

The University summer chorus, un-

## "We" Are Now Wearing Parachutes

It's a business trip for Lindy and a pleasure trip for Anne, incidentally, the first transcontinental air-camping tour on record—this jaunt of Colonel Lindbergh and his bride, the former Anne Morrow, from New York to Los Angeles. And these snapshots of the famous "Lone Eagle," who doesn't fly alone any more, show him and his young wife as they appear at intermediate points. Above, at the left, Lindy is shown carrying parachutes for Anne and himself. At the right, Anne and Lindy are pictured in flying togs. Below is a close-up of Lindy and Anne, just before taking off. Lindy is inspecting the new T. A. T. transcontinental air-rail system between New York and Los Angeles, and will fly the first east-bound passengers from Los Angeles on July 8. These pictures were taken at Roosevelt Field, L. I., where the Lindberghs took off for Columbus, Ohio, their first stop.

der the direction of David Griffin, will render a group of patriotic songs, and the Boy Scouts of Austin will present a number of stunts.

Of great interest to those who have attended previous July 4 celebrations at the Stadium will be the announcement that the Jubilee Chorus from St. John's District (colored) will appear on the program, according to Dean Moore. This year this group of singers will present the largest chorus it has ever had; more than one hundred voices will be included.

It is expected that the attendance at the celebration this year will exceed that of any previous year, Dean Moore said. More than 8,000 persons were present at the affair last year; many of them coming from towns and communities miles away from Austin.

## Prominent Names Carved in Desks To Be Obliterated

Names easily recognized as those of prominent Vernon citizens today came before a certain part of the public eye many years ago and have passed in review before several generations, but the circulation of these cognomens will cease this week. Over 600 school desks that have been used by students of Vernon public schools for more than a decade are to be refinished and the tops of the desks that carry names representative of several periods will be smoothed over and returned for another decade or so of scratches and carving by ambitious members of the rising generations.

Several names that are well known in Vernon that were noted when the shipment of the desks was being prepared for a Dallas refinishing company were: Chauncy Greene, now known as C. D. Greene, County Tax Collector; Frank Massie, now F. L. Massie, vice president of the Farmers State, and Emory Rhoads, also vice president of the same bank.

The refinishing of these desks is

part of the program of repair work being conducted during the summer by the school officials in preparation for the opening of the fall school session. Painting of floors and concrete, cleaning of windows, and a general overhauling and repair program is under way at all of the Vernon schools.

### HICKS RUBBER CO. MOVES TO NEW LOCATION JULY 1

The Hicks Rubber Company of Vernon has announced a change in location moving from 1967 South Main Street to 1701 Wilbarger Street. The Hicks Company opened at their new location July 1 and have planned new display facilities at the new place. B. B. Gable is manager of the company here.

There Must Be A Reason For

# Frigidaire Popularity

now over a MILLION have been built

BUT, why the popularity? Dependability—Performance—Beauty—Power and Convenience are several of the reasons why there are more Frigidaires in use than all other electric refrigerators combined.

The Frigidaire's surplus power meets every emergency in the hottest weather. The mechanical part is completely enclosed and so quiet that you don't hear it start, stop or run. Food shelves are elevated so that stooping is unnecessary. Cabinets are beautiful in design—finished in gleaming porcelain enamel, or white Duco they are easy to keep clean.

EVERY MODEL IS EQUIPPED WITH  
THE FAMOUS

## "Cold Control"

This famous device speeds the freezing of ice cubes and makes possible dozens of desserts and salads.

When you become the proud owner of a Frigidaire you will understand why it is the overwhelming choice of the majority—There is a model in our display room that will meet with your individual requirements—See it today!
